*As an expression of appreciation for their influence, personal assistance, and individual counseling to the graduating seniors, Vanguard '69 salutes four of Central's finest teachers.*

In loving memory

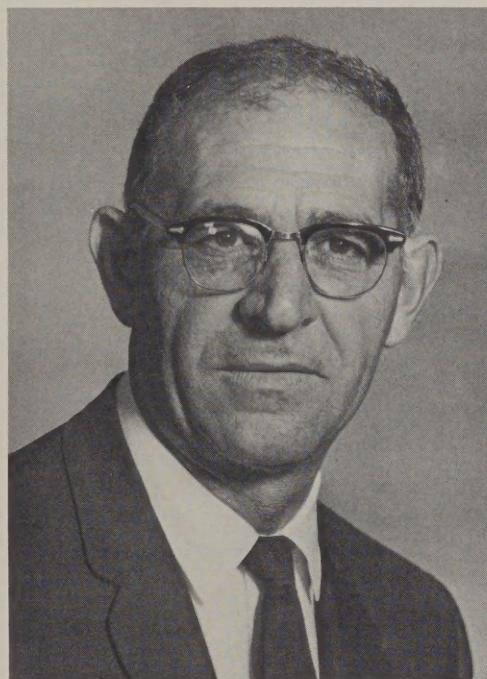

of the man,

the teacher,

basketball coach,

friend

who gave his best to Miami Central High School for nine years.

MR. PAUL CARIFIO

*Paul Carifio was born in Haverhill, Mass., June of 1918 and died July 19, 1968 of a heart attack. He was a graduate of the Haverhill High School and also attended one year at New Hampton Prep School for Boys.*

*Mr. Carifio had an illustrious athletic career. He was a co-captain of the undefeated 1936 Haverhill High football team, and received the most valuable football player award as a sophomore at the University of Miami.*

*Here at Miami Central, Mr. Carifio was loved by all who knew him. He would always say, "It's swell to be important, but more important to be swell".*

*... and that was the way he lived.*

Because Mr. Carifio contributed so much to the spirit and development of Miami Central, the Vanguard Staff dedicates this 1969 Vanguard to his memory.

*How does a principal say farewell to a senior class that he has worked with for three years? If he says what is in his heart he sounds maudlin.*

*How does he tell a group of students that he has a tremendous sense of pride in a graduating class that has contributed much to the growth of a school? If he lists your many fine accomplishments he runs the risk of over simplification.*

*How does he convey the respect he has for the way you have responded to the many varied events you have experienced since 1966? If he states his true feelings of affection he sounds trite.*

*How does he tell you when you leave the hopes and dreams of the faculty for the future of our nation goes with you? If he elaborates on it he sounds hackneyed.*

*The feelings are honest and sincere, the thoughts are real and the closing difficult at best. I feel that the Spanish can best express my wishes for you—Vaya Con Dios—Go with God.*

# Silver Knights

*Silver Knight Awards are presented by the Miami Herald to Dade County's outstanding seniors.*

*This year Miami Central nominates nine outstanding seniors for the coveted awards.*

*The main qualification of a Silver Knight is SERVICE. Showing outstanding achievement in their particular area is not enough for a nominee. He must show responsibility, hallmarks of a good leader, good character, appreciation of society's moral and spiritual values, persistence, and courage. All of these factors are of importance, but the final choice rests on the individual's use of faculties to be of SERVICE.*

# *Unsung*

*During the past three years, these twelve seniors have given more than their share to Miami Central, but yet their work often goes unrecognized. They are seldom called up front when honors are collected.*

*The dozen "Unsung Heroes" were voted by the administration and faculty of Miami Central.*

*On these pages of honor are listed the names of the twelve seniors that carry part of the pride of Central. They make and are Central.*

*The VANGUARD extends its gratitude to these seniors for their unselfish work in making Central tops.*

*VINCENT ALLEN PRAKELT*  
*July 20, 1951-Oct. 10, 1968*

*For those who didn't have the pleasure of knowing Vincent Prakelt, he was a true friend. He was a boy who enjoyed everything and hated nothing. Vince was always kind, understanding, and first to compliment someone. He loved Central as a school and was on the track team as a sophomore. In his 2 1/4 years at Central he missed only one football game. Those of us who knew Vince, will all agree that he was the best friend a person could ever have found and so we dedicate this page in loving memory of VINCENT ALLEN PRAKELT.*

# Central 0 Northwestern 6

Although we grope with little faith,  
Give me the power to fight—and lose.

*Louis Untermeyer*

Central opened the 1968 football season looking for a revenge against the Bulls of Northwestern. The Rockets appeared impressive in their first game. Northwestern threatened to score several times in the first half, but were stopped short of

the goal by a stubborn Rocket defense.

Central went into the locker room at halftime after a scoreless first half. Late in the fourth quarter the Bulls managed to score one touchdown, and Central refused to yield an extra point.

# Central 7 Hialeah 23

Failure is often that early morning hour of darkness  
Which precedes the dawning of the day of success.

*Leigh Mitchell Hodge.*

The Rockets lost to Hialeah for the third year in a row after a game full of fumbles, mistakes and penalties.

Hialeah scored early in the game after they recovered a Central fumble in the Rocket 10-yard line. Central's only score in the game came when fullback Teddy Bentley dashed 50 yards through right tackle for the T.D.

Central 14

Curley 0

Central won her first football game by blanking the Knights of Curley 14—0 at Hialeah Stadium.

Charlie Bivins caught a 12-yard pass from Elmer Hawkins to set up the first T.D. in the first

Nothing except a battle lost can be  
Half so melancholy as a battle won.

Duke of Wellington

quarter.

Early in the third quarter Bivins scored once again on a 44-yards run around left side.

Central 0 Springs 28

Why, victor, does thou exult?  
This victory will be your ruin

Ovid

Central received a bitter defeat against the Hawks of Miami Springs at a rain-soaked Hialeah Stadium.

The Hawks blanked the Rockets and led 7—0 at half-time. In the fourth quarter the Hawks exploded again for three more touchdowns, handing the Rockets the third loss of the season.

# Central 7 Edison 7

Not in the clamor of the crowded street,  
Not in the shouts and plaudits of the throng,  
But in ourselves, are triumph and defeat.

Longfellow

Central faced arch-rival Edison at the Junior College Stadium and ended Edison's dominion over the games. The Raiders came to the game expecting a victory, but had to settle for a tie with Central.

Edison scored early in the first quarter and led 7-0 through most of the game. In the fourth quarter the Rockets scored the touchdown that brought down Edison's hopes of victory.

## Central 0

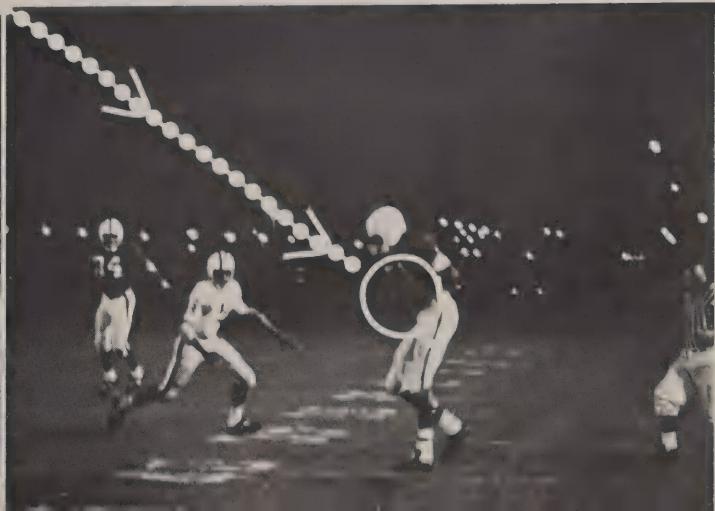

## Jackson 28

Central encountered the Jackson Generals on the football field for the first time in the school's history and Jackson went on to win 28-0.

The fight is lost—  
And he knows it is lost—  
And yet he is fighting still.

E. J. Appleton

The Rockets put up a hard battle, but the Generals proved too much for Central's defense.

# Central 14 Key West 0

I do not think that winning  
Is the only important thing . . .  
It is the only thing.

Bill Veeck

Central exploded for two quick touchdowns in the fourth quarter to crush the Conchs of Key West High 14-0 at Hialeah Stadium.

This was the first encounter between Central and Key West on a football field.

# Central 0 Carol City 25

Wise men ne'er sit and  
Wail their loss,  
But cheerly seek  
How to redress their harms.

Shakespeare

Carol City revenged their defeat by Central one year before, by crushing the Rockets 25-0 at the Junior College Stadium.

The game was supposed to be a toss-up, but the Chiefs' offense romped over Central.

*Central  
Beach*

6

7

The painful warrior famous for light,  
After a thousand victories, once foil'd,  
Is from the books of honour razed quite,  
And all the rest forgot for which he toil'd.

Shakespeare

*Central traveled  
to Flamingo Stadium  
in Miami Beach, and  
was handed a 6-7  
defeat.*

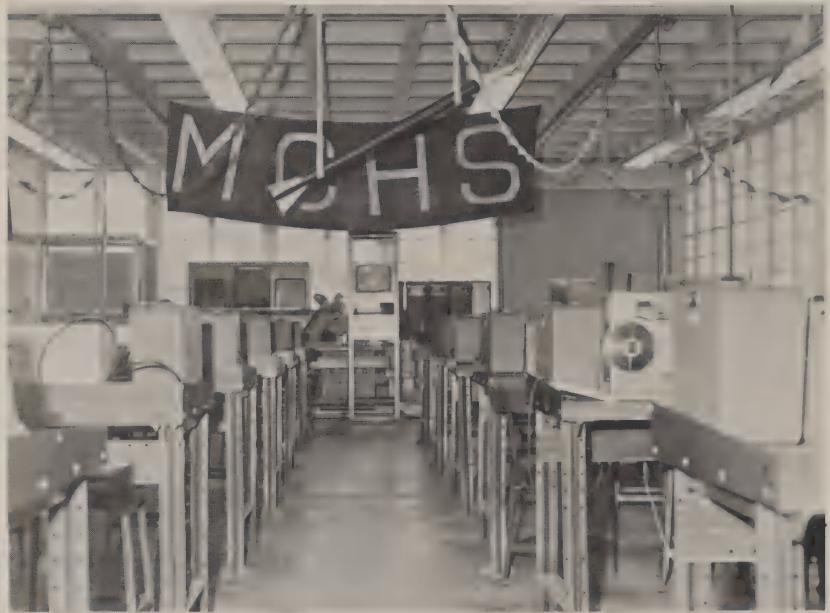

*The Rockets  
scored early in the  
first quarter when  
they recovered a  
Tide fumble deep in  
Beach territory.*

*Miami Beach  
scored the winning  
touchdown with 27  
seconds left in the  
game.*

*This was the first  
time the Tides had  
defeated the Rockets.  
Central had beaten  
Beach for the past  
four years, but the  
Tides revenged the  
47-7 thrashing they  
received last year  
from Central.*

to win glorious triumphs.

*Theodore Roosevelt*

*The Norland Vikings spoiled Central's homecoming with a 14-7 victory.*

*The Vikings scored both of their touchdowns in the first half. The Rockets scored a touchdown in the second half.*

*Go from me. Yet I feel that I shall stand  
Henceforward in thy shadow. Nevermore alone  
Upon the threshold of my door of individual  
Life, I shall command the uses of my soul,  
Nor lift my hand serenely in the sunshine as  
Before, without the senses of that which I  
Forbore—thy touch upon the palm. The widest  
Land doom takes to part us, leaves thy heart  
In mine with pulses that beat double. What I  
Do and what I dream include thee, as the wine  
Must taste of its own grapes. And when I sue  
God for myself, He hears that name of thine,  
And sees within my eyes the tears of two.*

# Business Education

Our Business Education Department at Miami Central has a proud history of flexibility and a good record for adapting to changing social, economic, and business needs. It provides training for vocational competence in the business and office occupations. It builds definite skills, abilities, and attitudes for business competence in the home and community. It helps individuals to understand and solve economic problems encountered in everyday living. It provides background information for advanced study for the business professions.

In offering to our students seventeen various business courses taught by ten very capable instructors, we are confident we are fulfilling our responsibility to the student, school, community, and to ourselves.

# Drivers Education

*A life saving, money saving course, on how to wheel a "lethal" weapon properly and reduce the insurance rate. The theory is taught by Mr. Agnello.*

*Mr. Agnello*

# English

*The members of the English Department strive for a greater understanding and appreciation of words and their uses; for clarity of thought and expression; and for the development of a keener sense of imagination through a greater awareness of the literary arts.*

*What do you mean you won't do the homework?*

*It's English Everywhere . . . even in the patio!*

## *Journalism*

*In addition to stressing the purposes and production techniques of school and daily newspapers, JOURNALISM I helps students to develop qualities of character and personality such as: tact, tolerance, initiative, leadership, punctuality, dependability, and self-confidence. Other aims are to*

*aid students in developing such important strengths as: critical thinking and the ability to discriminate between fact and opinion, increased sensitivity to school and community problems, and to the needs and rights of individuals, and a better understanding of the role of the press in a democracy.*

# Foreign Language

*The Modern Language department tries to give the student basic language skills in Spanish, French and German not only to meet college requirements but be trained to meet the demands for bi-lingual personnel.*

# Mathematics

*The Math Department strives to offer the mathematics needed for each individual to do his life's work according to the level of his ability.*

# Music & Choir

1968-69 marks the first year there was a varsity choir at Central. Each member of the choir is carefully selected and must be able to sing his or her own part in quartet.

The choir had its annual Christmas Concert, participated in the Dade Co. Vocal Musical Festival, and presented a Spring Concert.

# Physical Education

This year the Physical Education Department has not been able to operate up to its full capacity due to construction. The wait for our new facilities has been rewarding in that we now have a modern physical education plant. During the second semester, the students at Miami Central will be able to enjoy a well rounded Physical Education and Intramural Program.

Richard Waters  
Dept. Head

# Special Education

Purpose, goal or objective of our class is: To make happy, healthy, self sustaining, self supporting members for our society after graduation.

Vernon Hedtke  
Special Education

PARSON'S-PEAK OR BUST!

# Science

Science, as taught today from the context of inquiry should develop curiosity in a student, increase his awareness and expand his outlook. Central students may select courses in the three major fields of science based on their interests, abilities, tentative goals. Some wish to lay the groundwork for careers in engineering, electronics, the broad spectrum of medicine, research or specific technical or vocational fields.

Many Centralites will find their major interests in non-science oriented fields, but science will round out their general education and better prepare them to take up life in a world in which science is playing an ever increasing role. Modern facilities in our new science wing will permit broader opportunities for individual research, and in general, a greater challenge to future students.

## *Social Studies*

*Objectives:*

1. *The knowledge of sources of information.*
2. *The ability to read critically.*
3. *The ability to explain an idea to one who knows but little about it.*
4. *The demonstration of awareness of the interrelatedness of knowledge.*
5. *The ability to identify and assess the importance of the many factors involved in the problems faced by humanity.*
6. *Carrying on independent study.*

# Vocational Agriculture

L to R—Joe Mathis, Rolando Vento, Charles King, Florzell Daniels.

We believe that the broad objective of our program should be to assist the individual student in preparing himself for establishment in agriculture, either on or off the farm, whether it be through high school instruction in agriculture, post-high school terminal instruction in agriculture, continuing out-of-school instruction, completion of further work leading to a college degree, or combinations of these programs.

Eva Levy

L to R—Jesus Capestan, John King, Larry Clayton.

# Aviation

# Air Conditioning

*The aim of Mr. Bruce Williams, the instructor in this department, is to train future technicians for employment in the refrigeration and air-conditioning fields.*

# *Vocational Drafting*

*The purpose of Architectural Technology is to teach the basic skills required of an architectural technician and prepare the student for further study in the profession of architecture.*

# *Architecture*

# *Advertising Art*

*The course in Advertising Art is for two school years or 1040 hours and is terminal in nature. Its purpose is to teach the skills, manipulative practices and technical information to acquire and hold a position in the field of Advertising Art.*

*Let's sell the beat tags ourselves.*

# *Studio Art*

# Cosmetology

*The purpose of the Cosmetology Department of Miami Central is to provide the student with the opportunity to learn the basic principles, skills, techniques, and related information necessary for the student to learn to think for himself and do the new things which will come in the future, so he can become gainfully employed in the field of cosmetology; to develop a well-informed, conscientious, and safety-minded cosmetologist; to develop within the student an appreciation for natural beauty, creativeness, and the standards of cosmetology. These things not only develop a professional cosmetologist, but a productive conscientious citizen.*

*Are you sure it'll be all right?*

# *Data Processing*

*The purpose of this course is to provide an overview of the entire range of computers and computer systems. It covers the development of data processing, computer characteristics, input/output media and programming techniques. It adequately prepares the student with the basic tools and material needed to become a programmer.*

# *Distributive Education*

*Distributive Education is that phase of vocational education designed as a program of instruction in MARKETING, MERCHANDISING, AND MANAGEMENT. It is directed towards those preparing for or engaged in distributing goods and services to the public, including all retail, wholesale, and related service occupations.*

# Diesel Mechanics

## Purposes and Aims of Diesel Mechanics Trade School

1. *To train high school students regardless of background—from 10th through 12th grade level.*
2. *Regular shop training given similar to industry and to a high standard as required by diesel repair shops.*
3. *Diesel schooling is geared to train basic and advanced mechanics.*  
*The following blocks are taught.*
  - A. Hand tools.*
  - B. Special engine tools.*
  - C. Precision instruments.*
  - D. Engine nomenclature and subassemblies—factory method.*
  - E. Complete engine overhaul, factory specs. adjustments and structure.*
4. *Final aim is to train high school students to be employable and be able to hold a job and advance rapidly.*

# Diversified Mechanics

Undecided about what you want to do in life? Why not look into Diversified Mechanics? This course is taught by Mr. John Warwick and is offered to 10, 11, and 12th grade students, in blocks of 1 or 2 hours, depending on students choice. During this time they study woodworking, furniture refinishing, blue print reading, electrical shop, metal working, and small engine work. Unlike other departments, there is no trade certificate awarded at graduation, but if a student is proficient, a job will be provided for him.

The students work on individual projects which go from simple to the complicated.

We work as a team; we have school spirit and go all-out to help our school to be number 1.

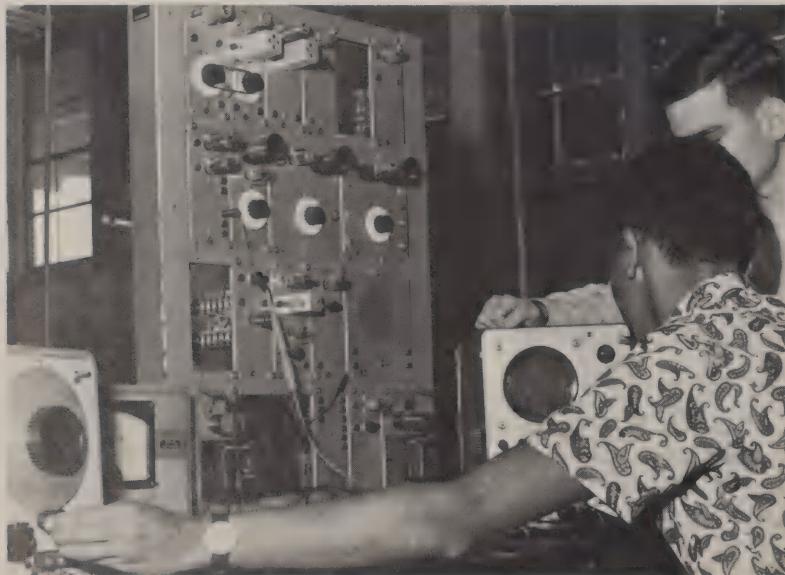

## Electronics

*There exists an urgent need for trained personnel in most industries and professions. Among the most urgent demands is that for electronics technicians. Miami Central department of Electronics Technology is attempting to fulfill this need.*

*We offer a program which immediately enables a student, upon graduation, to obtain a job. How-*

*ever, most of the students feel they have obtained a sufficient background to enable them to obtain a degree. Partially due to the best equipped lab in the State of Florida, many of the graduates of this program attend some of the best colleges in the country, including Georgia Tech, M.I.T.; and Carnegie Tech.*

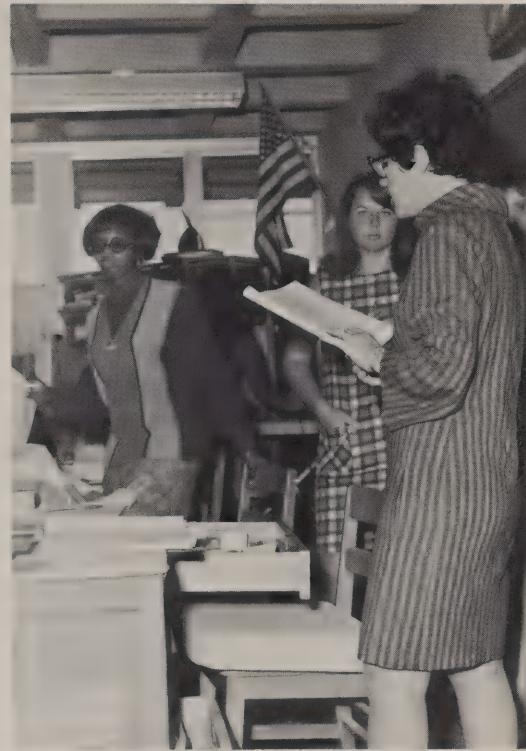

# Home Economics

*This year at Miami Central High School the Home Economics Department has offered courses such as clothing and textiles, food and nutrition, housing and home furnishings, child care and development, plus the required home economics comprehensive course for graduation.*

*The Future Home-makers of America also have become an integral part of the student curriculum. Our many activities include: bake sales, Christmas gift wrapping service, babysitting service, making toys for underprivileged children, and a party at the end of the year for children at the local hospitals. Sometime during Spring, the Home Economics Department hopes to have a fashion show of students' garments that were made in class.*

Mrs. Sher, Chairman

# Printing

# Vocational Machine Shop

The purpose of Vocational Machine Shop is to acquire the knowledge, basic principles and operation of machine tools. Machine tools make the working parts for all machines and equipment used in the production of goods and services. They are used to make parts for household appliances such as radios, televisions, refrigerators, washing machines, sewing machines, and vacuum cleaners.

Machine tools are also used to make parts for transportation equipment such as trucks, automobiles, trains, ships, airplanes, space vehicles and for manufacturing mining, agriculture and construction equipment.

Our objectives are to teach the ideas, attitudes, habits and skills of the metal working trade, so that a student may be ready to enter the metal working industry upon graduation.

# V.O.E.

*The aim of the Vocational Office Education Dept. is to provide the training necessary to make every student trainee capable of becoming a top-notch office worker immediately upon graduation.*

# Senior Index

Stranger, pause and look;  
From the dust of ages  
Lift this little book,  
Turn the tattered pages,  
Read me, do not let me die!  
Search the fading letters, finding  
Steadfast in the broken binding  
All that once was I!

## *A Word of Thanks . . .*

*To a teacher who has given all of her energy, work, and efforts during the past three years in making publications thrive at Miami Central High School.*

*This yearbook would have been impossible to publish without the guidance and long hours after school that Miss Jeanette Wilkerson contributed.*

*Throughout the planning of the *VANGUARD*, Miss Wilkerson was the one who always looked for ways in which to recognize and praise other faculty members and students of Miami Central.*

*It is now our duty that we should, against Miss Wilkerson's will, sneak in the back of the yearbook and express our gratitude.*

*Thank you, Miss Wilkerson, for what you have done for our school.*
